### KENTUCKY STATE FAIR RACES.

Horse racing, always an attraction  
at a State Fair, and more especially  
at an exhibition held under Southern  
skies, will be featured more than at  
any previous State Fair. The new  
half-mile track, now in process of con-  
struction, when completed will be one  
of the fastest half-mile courses in the  
country, and there is every indication  
for a first-class harness race meeting  
this fall. Four stake, five purse, and  
three gentlemen's road races have  
been announced; in addition to these  
there will be two running races each  
day, so the Kentuckian who thinks  
that his day's visit at a fair is incom-  
plete without seeing a first-class horse  
race will not be disappointed at this  
year's State Fair. Among the early  
closing events are the Kentucky Brew-  
ers' Association stake for 2:20 trot-  
ters, the Louisville Retail Merchants'  
Association stake for 2:30 trotters, and  
the Louisville Commercial Club  
stake for 2:18 pacers. Stake entries  
closed July 14th; purse entries close  
Sept. 7th, and entries for the cup races  
at 12 o'clock the day before the race.  
The stake races will be contested  
on the three in five heat plan, with a  
five-heat limit, and the purse races on  
the two in three heat plan. It is the  
ultimate intention of the State Fair  
management to build a full mile track  
encircling the present half-mile course,  
which, if the hopes of those in charge  
of the racing program are realized,  
will compare favorably with the best  
State Fair mile tracks in the country,  
and Louisville will doubtless become  
one of the most popular training  
grounds in the country.

### SPECIAL NIGHTS AT THE KENTUCKY STATE FAIR.

J. V. Beckman, manager of the Re-  
tail Merchants' Association of Louis-  
ville, is general chairman of the Special  
Nights Committee, and has been  
busily engaged for several weeks in  
arranging the most attractive night  
programs possible.

Monday night will be School Chil-  
dren's Night. Prof. E. H. Mark, super-  
intendent of the Louisville public  
schools, is chairman of the committee  
in charge for that night.

Tuesday will be German-American  
Night, with Mr. Louis Seelbach in  
charge. Wednesday, Labor Night,  
John Young, president of the Federa-  
tion of Labor, chairman; Thursday,  
Military Night, Col. W. B. Haldeman,  
commander of the First Kentucky reg-  
iment, chairman; Friday, Irish-Amer-  
ican Night, Thomas McCabe, chair-  
man; Saturday, Farewell Night, W. A.  
Robinson, chairman.

The show rings on Saturday will be  
especially interesting on account of  
the various horse championships being  
awarded that day.

### MACHINERY EXHIBITS AT THE STATE FAIR.

An unusually large exhibit of farm  
implements and machinery is in pros-  
pect. Owing to the incompleteness of  
the State Fair the exhibitors of this  
department do not share the same ad-  
vantages afforded them by some of the  
older institutions in the way of large  
machinery halls, but every other fac-  
ility and accommodation will be at  
their disposal. Commodious space  
will be assigned to this department,  
and already a large number of appli-  
cations are on file, including manufac-  
turers of engines, pumps, stock scales,  
fencing, mills, road machines, vehi-  
cles, harvesting machines, haying ma-  
chines, planters, plows, and every  
utensil used by the farmer. The farmer  
who desires to be instructed in the  
use of better methods and better ma-  
chinery will have a great object lesson  
before him at this Fair.

### COLLIE DOGS AT THE STATE FAIR

The collie dog exhibit at the Ken-  
tucky State Fair promises to be a  
greater attraction than ever before. A  
new departure, one entirely original,  
and the first ever held in this section  
will be a sheep trial given by an ex-  
pert, which will show the usefulness  
of the collie to the farmer. A credit-  
able show of this nature will appeal to  
every collie fancier, as four points are  
to be gained by owners toward cham-  
pionship medal by American Kennel  
Club. It is expected that this year's  
show will bring out 150 collies, includ-  
ing many famous Eastern dogs. The  
sheep trial will be started by expert  
Eastern dogs. Any farmer in the state  
desiring to train up his dogs along  
this line and can compete, will be  
eligible.

### STUDENTS' JUDGING CONTEST.

Following a plan devised by the old-  
er state fair institutions of the coun-  
try and one that has proved eminently  
successful at all the great Western  
fairs, as well as a progressive step in  
the interests of agricultural education,  
Commissioner Rankin has offered \$100  
in cash for a scholarship to the Agri-  
cultural Department of the State Uni-  
versity for the young man under twen-  
ty-one years of age doing the best  
work in livestock judging at the Ken-  
tucky State Fair of 1908, contestant  
to be required to file a written opinion  
with the reasons therefor on horses,  
cattle, swine and sheep exhibits. Cor-  
rectness of selection will count 55  
points and reasons substantiating the  
same, 45 points.

The Kentucky State Fair manage-  
ment has arranged a free amusement  
program which alone is worth the  
price of admission.

For catalogue, entry blanks or other  
information, write J. W. Newman, Sec-  
retary, 320 Paul Jones Building, Louis-  
ville, Ky.

## Brevities

### THE HALL OF FAME.

E. D. Libbey, a prominent Toledo  
(O.) manufacturer, has given \$105,000  
to the Toledo Art museum.

"Five bears in six minutes—that's  
my record," said Buckskin Sam re-  
cently. Sam is a Rangely guide liv-  
ing in Mechanic Falls, Me. He has  
fought in four wars.

William A. Reid, secretary of the  
Bolivian legation in Washington, has  
been appointed by George Washington  
university as its special representative  
at the first pan-American scientific  
congress in Santiago, Chile, next De-  
cember.

William Connors of Bangor, Me., has  
probably rafted more logs than any  
other man in the country. Since 1895,  
with the exception of one season, he  
had charge of the Bangor boom and  
in that time has probably handled  
3,000,000,000 feet of logs.

George H. Worthington of Cleveland,  
O., has a stamp collection that experts  
estimate is worth \$30,000. It is stated  
to be the finest in the United States.  
The next most valuable collection of  
stamps in this country is owned by  
Henry J. Duveen of New York.

There are now living in the south-  
western part of Lempster, N. H., sepa-  
rated only by the highway, two aged  
couples, who were both married fifty  
years ago. Mr. and Mrs. Calvin Smith  
having been married May 1, 1858, and  
Mr. and Mrs. Charles M. Booth May 8  
of the same year.

William De Morgan lives in London  
in an old world corner of Chelsea, but  
he spends most of his time in Florence  
because he can work better there, he  
says. His wife is an artist of success  
in England and in foreign cities. Mr.  
De Morgan's vocation is ceramics, his  
avocation inventing and his diversion  
writing.

Charles R. Richards, at present di-  
rector of the department of manual  
training in teachers' college, Columbia  
university, has been appointed director  
of the Institution For the Advancement  
of Science and Art, New York city. He  
has long been interested in industrial  
education and has traveled extensively  
in India, China and Japan.

### English Etchings.

The Holy Well of St. Anne at Caver-  
ham, England, has been dedicated in  
perpetuity to the public use, its waters  
in the middle ages being renowned  
for their healing qualities.

Stiffening of the brain, a rare dis-  
ease, was given at the inquest of one  
of the causes of death of a boy seven-  
teen months old on whom an opera-  
tion was performed at St. Thomas'  
hospital, London.

The London Express mentions a  
case of a private who, for failing to  
recognize and salute his officer, was  
condemned to march past and salute  
a barrack pump for two hours each  
day for a week.

In London the taxicabs are used by  
all classes of people day and night at  
the uniform rate of 16 cents a mile,  
and they present a most attractive ap-  
pearance in chocolate, blue, yellow,  
red and green hues, with chauffeurs in  
the brightest and smartest liveries.

### Flippant Flings.

Science is gradually catching up with  
Jules Verne.—Providence Journal.

Anthony Comstock has denounced  
the sheath skirt, as if any one ever  
suspected that Anthony would over-  
look any belt.—Detroit Free Press.

Big with importance of a new discov-  
ery, a London preacher says, "Never  
check the flowing tide of woman's  
talk." We never heard of anybody who  
ever did.—Chicago Post.

J. Pierpont Morgan has paid \$30,000  
for a bas-relief of Antinous. Whether  
this is a high figure or not we are un-  
able to state, owing to the fact that  
none of the local shops are carrying  
any Antinous bas-reliefs this season.—  
Richmond Times-Dispatch.

### Plays and Players.

"Peter Pan," with Pauline Chase in  
the title role, has made a big hit in  
Paris.

Seymour Hicks and Ellaline Terriss  
are to visit America in a musical com-  
edy.

It is announced that there will be  
five "Paid In Full" companies on the  
road next season.

Alfred Sutro is to write a new com-  
edy which will be played in England  
by George Alexander and in this coun-  
try produced by Charles Frohman.

Both Marguerite Clark and Louise  
Gunning will head musical comedy  
companies the coming season under  
the management of the Shuberts.

### Modes of the Moment.

Nearly all the outing suits are cut  
jumper fashion.

Sunshades, once so richly plain, are  
now exceedingly fanciful.

The white canvas belts are worn  
with the white linen suits. There is a  
tendency to keep belt and suit all one  
color.

The varnished leather ties are very  
becoming to the foot, and with silk  
stockings they are perhaps the most  
fashionable of the season's footwear.

It is no longer considered smart to  
carry a tan bag with all one's gowns,  
nor a pigskin with one's dark dresses.  
One must have a bag that matches the  
note of the gown.—Brooklyn Eagle.
